## ENGLISH PROGRAM

---

### PROSPECTUS

#### The Field

The academic field of English provides students with a solid foundation in the humanities, expertise in written and oral communication, and sustained training in analytical and critical thinking. It forms an intellectual basis for graduate study in English and other areas of scholarship. In addition, the English major provides excellent preparation for professional careers in a wide variety of fields.

#### Options at UOG

The English major is comprised of three **emphases**, each sharing courses with the others while focusing on a particular field of study: 1) the Literature Emphasis; 2) the Linguistics/ESL Emphasis; and 3) the English for Education Emphasis.

The division also offers two **minors**: English and Writing.

#### Preparation for Teaching

Students planning on teaching should link the English major of their choice with a second major in Secondary Education from the School of Education (See [Secondary Education, Option A.](#)).

Preferably during their freshman year, they should review both English and the [School of Education / Secondary Education](#) sections of the Catalog. They should also sign up for two **advisors**, one from their content major — English or Linguistics — and the other from Education.

All students preparing to teach must plan on passing PRAXIS I (for entry into the School of Education) and PRAXIS II prior to acceptance for student teaching and internship.

### LEARNING OUTCOMES

Upon successful completion of any of the English major's emphases, the student will demonstrate the ability to:

1. Understand the concepts, structures, and functions of human languages;
2. Describe the aesthetic, rhetorical, structural, and multicultural qualities of academic or professional or creative texts, as well as critical and historical approaches to those texts;
3. Prepare, organize, and deliver effective oral presentations for a variety of purposes and audiences;
4. Conduct and incorporate substantive research using discipline appropriate techniques, methodologies, and environments (digital or non-digital), producing or locating valid data and source materials; documenting properly to avoid plagiarism; and
5. Write successful, genre appropriate academic or professional or creative texts.

## EMPHASES
