SOCIAL WORK PROGRAM

PROSPECTUS

The University of Guam offers a four-year professional educational program in social work leading to a Bachelor of Social Work (BSW) degree. The BSW is recognized by the National Association of Social Workers as the entry-level degree for the profession.

Through the integration of liberal arts education and the teaching of social work knowledge, values, and skills, the Bachelor of Social Work at the University of Guam prepares individuals to think critically, to develop a global perspective of social welfare and social development, to actualize the concept of social caring, to demonstrate belief in the intrinsic value and dignity of all humankind, to serve those in need, and to act with conviction in advancing the principles of social justice and human rights within the communities of Guam, Micronesia, and the neighboring regions of the Pacific and Asia.

Accreditation

The Bachelor of Social Work program at the University of Guam is the only Council on Social Work Education-accredited baccalaureate program in the Western Pacific. The program was founded in 1980, attained candidacy status in 1999, and was granted initial accreditation in 2003. The program's accreditation was reaffirmed in 2007 and 2015, and it will seek reaffirmation again in 2023.

What is Social Work?

Social work is a practice-based profession and an academic discipline that promotes social change and development, social cohesion, and the empowerment and liberation of people. Principles of social justice, human rights, collective responsibility and respect for diversities are central to social work. Underpinned by theories of social work, social sciences, humanities and indigenous

knowledges, social work engages people and structures to address life challenges and enhance well-being.

Relevance and Demand

The communities in Guam and other Micronesian islands experience many social problems, such as addictions, poverty, high incidences of sexual abuse, teen pregnancy, homelessness, and more. While these problems are complex and require changes at the micro, mezzo, and macro levels of society, a UOG graduate with a social work degree can function as a change agent and advance solutions with individual people and communities.

Why UOG?

UOG social work faculty members have diverse personal, cultural, and professional backgrounds and are involved with local communities as well as European, Asian, American and global professional networks. Students are admitted in cohort systems and develop mutually supportive learning environments. Theories and interventions taught are relevant and appropriate for indigenous and immigrant cultures of UOG students.

Career Possibilities

Graduates of the UOG social work program are employed in different professional settings (government, nonprofit, and for-profit) and work with various populations (children, adolescents, adults, and elderly). They work with individuals and their families, collaborate with teams, organize and lead groups, develop treatment plans and write reports, and engage in research, program, and policy advocacy, initiatives, and developments.

Examples of employment agencies of UOG social work graduates include, but are not limited to, the following: Guam Behavioral Health & Wellness Center, Department of Public Health & Social Services, Guam Memorial Hospital, Guam Regional Medical Center, the Department of Youth Affairs, Sanctuary Inc., Westcare Inc., GALA, Erica's House, Department of Labor, Guma Mami, the Lighthouse Recovery Center, Oasis Empowerment Center, the Alee Shelter, I Famagoun-ta, Guam Superior Court, New Beginnings Drug and Alcohol Program, and UOG CEDDERS.

Post-Graduate Studies

The UOG BSW program and the School of Social Work at the University of Hawaii developed a partnership that allows UOG social work graduates to earn an accredited Master of Social Work degree from the University of Hawaii in one year while maintaining residence in Guam. Students who are, in particular, interested in research and teaching for their careers can pursue doctoral degrees in social work or social welfare.

LEARNING OUTCOMES

Graduates of the BSW program demonstrate the integration and application of the following competencies:

1. Demonstrate ethical and professional behavior
2. Advance human rights and social, racial, economic, and environmental justice
3. Engage anti-racism, diversity, equity, and inclusion in practice

Students must be advanced to BSW student status in order to take SW330 Generalist Social Work Practice Methods Overview. Social work application forms can be downloaded from the Margaret Perez Hattori-Uchima School of Health webpage on the UOG website.

ADVISEMENT

Academic advisers assist students throughout their educational careers as they become competent entry-level social workers. The adviser monitors student

progress, provides consultation in planning a course of study, and assists in problem solving with regard to both classroom and field coursework. The faculty adviser serves as an “anchor person” with whom students may confer regarding any program-related problem or question. In general, the chair of the Division of Social Work advises pre-BSW students and other program faculty advise BSW students.
